INTRODUCTION

The marriage entries here published are contained in Volumes Six, Eight and Eleven of the parish registers of St. Mary's, Banbury. This is the only ancient parish church of Banbury, and remained so until 1846, when the parish of South Banbury was created. Neithrop, Calthorpe, Grimsbury, Wickham and Huscott are all within the parish.

All three volumes are in the usual printed style, already described in the Introduction to Part Two of the marriage registers. There is no record of Banns published in any of them.

The names of witnesses of marriages have been included in the column on the right hand side of each page, against each entry. As before the names of parish clerks, notably William Arne (from 1813 on), have been omitted to save valueless repetition. Signature by mark has been indicated by an asterisk. Officiating clergy are listed on pages 189 and 190.

Additional information from Bishops' Transcripts and from Marriage Licences has been included in parentheses. The typescript "Index to Buckinghamshire Marriage Licences" by A. H. Plaisted (in which Banbury, being a Peculiar, appears) is available in the Bodleian Library and the Buckinghamshire Record Office.

The only other register of marriages in Banbury during this period was that of the Banbury Monthly Meeting of the Society of Friends. Other non-conformist registers were confined to births or baptisms, and deaths or burials.

Indexes have been made to personal names, place-names, and trades and professions. It will be noted that after 1812 trades are rarely given. This invaluable work has again been undertaken by Mr. R. C. Couzens, of the Society of Genealogists.

The style of Parts One and Two has been followed as closely as possible, and it is hoped this condensed form remains intelligible without wasting space on repetitive verbiage. The uncommon abbreviations are as follows:-

B.	=	Banbury	b.	=	bachelor
Lic.	=	Licence	sp.	=	spinster
wid.	=	widow or widower			
(b)otp	=	(both) of this parish			

Subscribers will notice the new method of printing, by photo-litho. from IBM typescript, and will it is hoped consider it an improvement. One benefit is the considerable reduction in type size and resultant condensed presentation. This has enabled an amount of material similar in length to each of the two previous Parts of the marriage register to be presented in far fewer pages.

A grant of £20 from the Book Fund of the Libraries Committee of the Banbury Borough Council has been a most useful contribution towards the cost of production. The support thus shown is most gratefully recorded.

As before the editor is most indebted to the Reverend R. P. R. Carpenter, Vicar of Banbury, for permission to publish these registers, and to both him and his wife for their welcome and hospitality on countless occasions.
